

AIRKOM ELECTRONICS PVT. LTD.

In a typical electrical power system in India, around 20 power problems daunt the effective functioning of critical equipments and cause a grim menace to productivity of the industries. We at Airkom Electronics Pvt. Ltd., are deeply concerned about the prevailing power quality conditions and are fully equipped to provide comprehensive solutions, thereby helping the industries to enhance their productivity levels, since 1987.

CRITICAL POWER PROBLEMS

Surge, over-voltage | Sag, Under-voltage | Voltage Spikes | High Frequency Noise | Frequency Variation | Waveshape Faults - Frequency Shift or Harmonics

SOLUTION ADVISORY

GUIDING OUR CUSTOMERS TO FIND THE SOLUTION AND PRESCRIBE A BEST METHOD OF IMPLEMENTATION

Identify The Problem Or Improvement Potential

+

Compare Different Solutions and Benefits

+

Calculate Feasibility And Budget Vs Roi

=

Deliver On Time & With in Budget

Metro

Network
Industrial
Telecom
Data Center

" One Brand, One Source, Many Solutions "

TOTAL POWER SOLUTION

- Servo Controlled Voltage Stabilizer
- Static Voltage Stabilizer
- Static Frequency Voltage Regulator
- True Online UPS
- Static UPS / Inverter
- Isolation / Ultra Isolation Transformer
- K-Rated K1/4/7/13/20 Transformer
- Constant Voltage Transformer
- APFC Panel
- Electrical Control Panels
- Energy Saver Unit
- Solar Roof-Top Power Pack System
- Solar PCU / Inverter
- Electrical System, Load Study & Analysis

- Servo Controlled Voltage Stabilizer
- Static Voltage Stabilizer
- Static Frequency Voltage Regulator
- True Online UPS
- Static UPS / Inverter
- Ultra Isolation & K-Rated Transformer
- Constant Voltage Transformer
- APFC Panel
- Electrical Control Panels
- Solar Roof-Top System
- Solar PCU / Inverter
- Energy Saver Unit

CERTIFIED QUALITY MANAGEMENT SYSTEM ISO 9001:2015

20 YEARS Since 2003

www.airkomgroup.com

POWER CONDITIONING SOLUTIONS

Servo Controlled Voltage Stabilizer
Static Voltage Stabilizer
Static Frequency Voltage Regulator

Range : 1 kVA to 2500 kVA

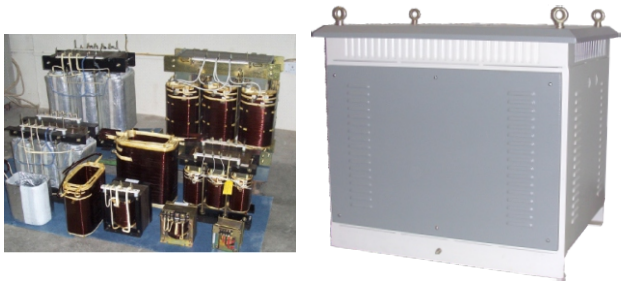
Model : Air / Oil Cooled

TRANSFORMERS

Constant Voltage Transformer
Isolation Transformer
Ultra Isolation Transformer
K- Rated K1 / K3 / K7 / K13 / K20 Transformer

Range : 1 kVA to 2000 kVA

Model : Air / Oil Cooled



POWER BACK-UP SOLUTIONS

True Online DSC Based UPS
Static UPS / Inverter
Elevator UPS

Range : 1 kVA to 300 kVA

SOLAR POWER SOLUTIONS

Solar Roof-Top System
Solar PCU
Solar Off-grid Inverter

Range : 1 kW to 1 MW

ELECTRICAL CONTROL PANELS

APFC Panel System
Electrical Control Panels
Energy Saver Unit
